During the inspection, two jailers on duty were unable to charge and/or use the Self-Contained Breathing Apparatus (SCBA). Provide procedures that shall require that a qualified medical professional shall review as soon as possible any prescription medication a prisoner is taking when the prisoner is taken into custody.

While reviewing medical procedures, it was determined that only a pharmacist was being utilized to review medications.

An approved mental disabilities/suicide prevention screening instrument shall be completed immediately on all inmates admitted.

While reviewing medical files, it was determined jail staff are not filling out the Screening Form for Suicide and Medical/Mental/Developmental Impairments in its entirety.

Each inmate shall be allowed one hour of supervised physical exercise or physical recreation at least three days per week.

During a review of recreation logs, documentation did not indicate that inmates are being offered recreation three times in a seven day period.
