

**TEXAS COMMISSION ON JAIL STANDARDS
JAIL INSPECTION REPORT**

Facility Name: Rolling Plains Detention Center (Haskell-P)

Date:

May 11, 2020

Item	Section	Paragraph	Comments
1	273	.5 (c.) (1)	Mental History Check. Each jail shall: (1) check each inmate upon intake into the jail against the Department of State Health Services CCQ system to determine if the inmate has previously received state mental healthcare, unless the inmate is being housed as an out of state inmate or a federal inmate on a contractual basis

During the review of health service documentation, it was determined the facility's CCQ reports needed to complete the mental disabilities/suicide prevention screening instrument are not being generated timely enough to properly assess each inmate entering the facility.

Jon Luna, TCJS Inspector
